Obstruction by Force a Crime

Ike Seeks Backbone In Civil Rights Laws

WASHINGTON (AP) —President Eisenhower called on Congress yesterday to strengthen civil rights laws by making it a federal crime to use force or threats of force to obstruct court orders in school desegregation cases.

As part of a legislative program submitted to Congress, Eisenhower said this proposal would give the government "a valuable enforcement power . . . to deter mob violence and such other acts of violence or threats which seek to obstruct court decrees in desegregation cases."

The program had been labelled by Eisenhower in advance as a moderate one designed not to raise temperatures.

But it may not please either southern segregationists fighting to keep Negroes from attending school classes with whites or northern liberals of both parties in all respects.

Pipe to Hose to Furnace

Gas Line Tapper Threat to Block

TORONTO (CP) — An inspector of the Ontario fire marshal's office said Wednesday a woman stole natural gas in a manner that could have killed dozens of persons and leveled a city block.

Robert Thompson was testifying in the trial of Mrs. Dorothy Walsh who pleaded guilty to stealing gas and to an offence under the Ontario Fuel Board Act. She was remanded for sentence.

Frank Trump, an inspector with Consumers' Gas Co., said Mrs. Walsh took the cap off a disused gas pipe and fitted a water faucet over the pipe. She connected a garden hose to the tap and tied it with a piece of string.

"The hose wound around the basement floor and led into the furnace. The stove burner was ignited by a match after opening the faucet about 15 feet away."

Make Indies 11th Province Says Senator

OTTAWA (UPI)—A Liberal senator suggested yesterday that the West Indies would make a "wonderful tropical province" if it joined Canada.

A. Neil McLean, senator for Saint John, N.B., added that if consideration of the West Indies becoming Canada's 11th province were impossible, then there should at least be a customs union.

McLean told the Senate that the Canada-sponsored trade fair just ended in the West Indies was a "historic event" which cemented trading relations with the new Commonwealth nation.

Remember When:

Red Horner, bruising defenceman of Toronto Maple Leafs, was crashed heavily to the ice by New York Americans' playing manager Red Dutton and removed to a New York hospital 23 years ago tonight. There was no penalty on the play and Frank Selke, then assistant manager of Toronto Leafs, said it was accidental. Horner recovered from a brain concussion.

Peace Hopes Held High By Churchill

LONDON (Reuters)—Confidence that a third world war can be avoided is expressed by Sir Winston Churchill in an epilogue to the new abridged edition of his war memoirs published today under the title The Second World War.

"As long as the free world holds together, and especially Britain and the United States, and maintains its strength," he writes, "Russia will find that peace and plenty have more to offer than exterminatory war."

"Quarrels between nations, or continents, or combinations of nations there will be no doubt continually be," he says. "But in the main, human society will grow in many forms not comprehended by a party machine."

The epilogue, the only new part of the one-volume book, is Churchill's own summing from July, 1945, where he ended his six-volume history of the war, to February, 1957, when the epilogue was written.

FAME
"Dufftown" to a Scot means the Highland distilling region. "Robbie Dhu" to a Scotch distiller means the famous well from which a smuggler-distiller once drew the wonderful water for his great brew.
William Grant & Sons built their first distillery about that spring. Today it is the largest distillery of its kind in all Scotland, and Grant's Stand Fast in the triangular bottle is world famous.
